## Expression of interest

I am interested in joining a working group on:

### Residential Villages and Parks

#### ( CARPAV- Caravan and Residential Parks And Villages)

This working group is made up of caravan park, residential park and residential village residents from across Victoria.

The group focuses on increasing resident knowledge and understanding of the issues in this sector and seeks to lobby for more community and government action, as well as law reform.

### Private Renters Working Group:

The Group is open to people who are currently in private rental, who have had previous experience with private rental, and who may be in temporary or insecure housing such as rooming houses.

This group enables people to get together with others who have the experience of being tenants, to exchange the challenges of renting and develop a platform to lobby for older people's rights in private rental.

Actions may include: lobbying local councillors and State and Federal politicians, producing press releases and engaging in public forums. The group will produce its own agenda and focus for collective actions.
