HOUSING FOR THE  
AGED ACTION GROUP

Our services are available for Victorians aged 50 and older, and for Aboriginal and Torres Strait Islander people 45 and older. We welcome people of all cultural backgrounds, abilities, ethnicities, gender identities, intersex variations, sexual orientations and religious beliefs.

We all need secure and affordable housing to be safe and healthy as we age. That's why we provide support for older people experiencing housing insecurity or homelessness, advice for people in Retirement Housing, connect older people with Aged Care, and advocate for older people's housing
