

GET INVOLVED AT HAAG!

We need your expertise and experience to create change! You can make a difference by getting involved with members at HAAG to campaign for housing justice.

Just tick the box and we'll send you all the information you need.

There are three working groups you can join:

Housing Justice

Focuses on the big issues such as the need for more public housing, better housing options for older people and related issues like pensions and transport.

Independent Living Units

Residents of not-for-profit retirement villages and independent living units have poor legal protection. They are seeking improvements to laws and policies on their housing.

Caravan and Residential Parks and Villages (CARPAV)

Residents of this form of housing are working towards law reform that recognises their need for better security of tenure, affordability and resident participation

These groups meet every month and do a lot of political lobbying, create public awareness, build support for our issues and also have some fun doing it!

Individual Supporter

You can also support HAAG by getting involved in our daily activities like office help, setting up for our events and getting out and promoting HAAG's work and issues.
